## March 2024 Head & Deputy Teacher update

### Miss. Rothlisberger & Mr Mathews said...

It has been a busy term with lots of exciting events. Jigsaw loved 'Dantastic' during science week, World Book Day and some classes have had trips out. We will be sad to see some faces leaving us this term and we hope you flourish as you move on. Have a lovely Easter Break- don't eat too much chocolate! We will see those of you coming back for the summer term!

## 'Just in' messages

Lots of cafe/restaurants have food offers over Easter if you google 'Free Kids food for Easter'.

IMPORTANT MESSAGE

# Connect with Jigsaw

## Parent Resources

### 'Just in' Resources

Google: Local Offer- Special Educational Needs and Disabilities to find out what is on in Sefton for your child and family.

**Happy n Healthy Sefton** offers advice for physical and mental health for children/young people

### News

This term, we have been on expeditions with famous explorers, looked into extreme weather & discovered different continents. We have also experimented with different artists, such as Mondrian, Rothko and Pollock. In PE, we have built on our gymnastics skills and even found a new talent in New Science has taken a look at plants and their growth, as well as different animal groups and their traits (this included a trip to the safari park, which we loved!)

### News

Another busy term in Class2. We've read George's Marvellous Medicine, everyone loved it! Everyone took part in a fitness challenge and we discussed how results can change. As part of our science we have grown our own sunflowers and measured them weekly. We're all sad to see 3 members of Class 2 leave us but we're excited to welcome new pupils.

### News

Class 3 has had a busy term. They have performed poetry, tackled some difficult maths questions with missing numbers and created some beautiful pieces of art. We have also enjoyed a trip to Formby woods/beach and baking scones!
