

Jigsaw Connect

March 2025

Class 1

This term has seen us celebrate Chinese New Year, Safer Internet Day, National Science Week and Children's Mental Health Week. We have also studied different types of animals - sea/land animals, as well as those that live on farms. We even met Daisy the cow and sheared our own sheep! We have ended the term looking at the Easter story and traditional Easter symbols. A busy and fun term in Class 1!

Class 2

Class 2 has completed a variety of topics this term. They have completed an art project based on mixing colours, focusing on technology around us and labelling the continents. We have also planted some wildflowers and sunflowers after a successful trip to Dobbies. Finally, Class 2 have been horse riding every week, learning how to trot and have been on some treks around the stables.

Class 3

We have been conducting a science experiment to see which plant grows the fastest, so far, our predictions have been correct.

We have measured each plant every day to closely monitor their progress. We have also done a lot of work on movement artists and have looked at how they created their paintings. It's harder than it looks!

Head and Deputy Update

What a fantastic finish to the spring term with Teachrex bringing their dragons to Jigsaw, we hope the children all really enjoyed it. We have lots more planned in the Summer term. We wish any of our leaver's good luck at their next school.

Have a lovely Easter!

Dates for your diary

End of term is Friday 4th April 2025 at 12.30pm.

School is closed for children on Monday 21st April 2025.

All pupils return from Tuesday 22nd April 2025.
